

MMX RSP TRANSITION TO COMMENCE IN SEPTEMBER 2016

Dear Registrar Partner:

As you may know, MMX will soon change the registry services to Nominet and this will require all MMX registrars to obtain access to Nominet's platform.

To make this process seamless, all of your existing account contact and EPP information has been automatically carried over to Nominet, and Nominet will start to engage with you from early August 2016.

As we continue to work through the ICANN processes, we will be finalizing the RSP transition plan through the following site: <http://mm-registry.com/rsp-transition-plan-to-nominet/>.

We are committed to provide all necessary information as soon as possible, and we encourage all MMX registrars to visit this site on a weekly basis.

Should you have any questions in relations to this notification, please do not hesitate to contact our support team or your Channel Director, Susan Lawrence.

Kindest regards,

Erik Hoang
