*Note: Launch dates are to Be Determined (TBD).

General Timeline

We intend to handle the RSP Transition in three major phases as illustrated below:

*Note: Dates are contingent upon ICANN approvals and may be subject to change.

Phase 1 Next Steps: Registrar Onboarding

1. Nominet sent out email notifications to the registrar technical contacts stored in Espresso on 02 August 2016.
2. Registrars are enabled to setup the EPP testbed and manage contact information.
3. Nominet will continue to work with all registrars prior to the start of each TLD transition with details on actions to be performed.
