

Hi,

We would like to confirm the upcoming transition dates and also remind you that the onboarding process is open.

If you are the contact that has access to the MMX espresso platform you will already have been sent details on 2 August 2016 explaining how to gain access to your new Nominet account.

Within this account you can:

- manage contacts
- manage IP addresses for EPP
- manage IP addresses to connect to the OT&E environment

If you are not the espresso contact, you will not be able to access your account unless you have been set up as an additional user. If you believe that the espresso contact is incorrect please contact us on +44.1865332483 or via [email](#).

To assist registrars in setting up their new account, existing customers of Nominet can use their same email address and will now see a separate tab for the MMX TLDs when logging into [Online Services](#). If you are a new customer to Nominet you will need to follow these simple steps:

- Visit our [account set up page](#)
- Enter the email address you have provided to MMX

You will then receive an email from us with details on how to reset your password and how to access your account.

We would like to remind you about the upcoming TLD transition dates:

- **.casa - 13 September**
- **.cooking, .fashion, .fit, .horse, .miami and .rodeo - 20 September**

We would also like to confirm the following TLD transition date:

- **.fishing, .garden, .vodka, .wedding and .yoga - 27 September**

In order to connect to our systems you will need to ensure you have changed your EPP connections please visit [Registrar Resources](#) for more information.
