Hi,

With the first TLD transition date fast approaching we would like to confirm the upcoming transition dates and remind you that the onboarding process is open.

**Please note you are required to log into our Online Services portal and configure your operational IP addresses for EPP connections before the TLD transitions. To mitigate any transition issues please ensure this is completed by 6 September.**

To enable a smooth transition we would also encourage you to log in to our Online Services portal to use our OT&E environment. This will ensure your connection is set up and working correctly prior to transition. We would also ask you to take the time to make sure we have the correct contacts for ongoing communication. You can check and add contacts also within our Online Services portal.

---

### Advance notice for transitions

Upcoming TLD transition dates:

- **.casa - 13 September**
- **.cooking, .fashion, .fit, .horse, .miami and .rodeo - 20 September**

### Advance notice for transitions

Upcoming TLD transition dates:

- **.casa - 13 September**
- **.cooking, .fashion, .fit, .horse, .miami and .rodeo - 20 September**
- **.fishing, .garden, .vodka, .wedding and .yoga - 27 September**

Additional confirmed TLD transition date:

- **.broadway and .gop - 4 October**

Prior to transition you must configure your settings to the Nominet systems. This should be completed by **6 September** ahead of the first transition. You will also need to ensure you change your EPP connections at the time of transition. For more information please visit **Registrar Resources**.

**Access Registrar Resources**

## Transition timeline

The transition timeline is available. We will be contacting you via email throughout the transition period to keep you up to date with timings and specific transition windows.

## Onboarding reminder

If you are the contact that has access to the MMX espresso platform you will already have been sent details explaining how to gain access to your new Nominet account.

Within this account you can:

- manage contacts
- manage IP addresses for EPP
- manage IP addresses to connect to the OT&E environment

If you are not the espresso contact, you will not be able to access your account unless you have been set up as an additional user. If you believe that the espresso contact is incorrect please contact us on +44.1865332483 or via email.

To assist registrars in setting up their new account, existing customers of Nominet can use their same email address and will now see a separate tab for the MMX TLDs when logging into Online Services. If you are a new customer to Nominet you will need to follow these simple steps:

- Visit our account set up page
- Enter the email address you have provided to MMX

You will then receive an email from us with details on how to reset your password and how to access your account.

**Visit Online Services**

## Contacting Nominet

To manage your account with Nominet including IP addresses for EPP connections please visit our **Online Services** portal. For assistance with onboarding or post transition please contact us on +44.1865332483 (Monday - Friday 8am - 6pm UTC +1) or via **mmxsupport@nominet.uk**

## Contacting MMX

For any queries regarding domains awaiting transition or the transition timeline, please visit the **RSP Transition Plan to Nominet** or contact MMX support on +353 (0) 1 430 1689 (Monday - Friday 9am 5pm UTC +1) or via **support@mm-registry.com.**
